They will then discard two high and two low scores; add the remaining five scores, and write the total under the column marked "Round 1 Subscore".
4. Should a tie occur in the "Round 1 Subscore", the tie need not be immediately broken since the "Round 1 Subscore" must be added to the "Round 2 Subscore" to produce a "PREJUDGING SCORE".

Round 1 will be assessed using the following criteria:

1. Each judge will assess the routine with a view towards style, personality, athletic coordination and overall performance. The procedures for Round 2 will be as follows:

1. The entire category will be called onstage, in a single line and in numerical order.

3. In numerical order, and in groups of no more than five competitors at a time, each group will be directed to center-stage area to perform the four quarter turns.
4. This initial grouping of competitors and performance of the quarter turns is intended to assist the judges in determining which competitors will take part in the comparisons that follow.
5. Judges may now submit individual requests for comparisons to the Stage Director. No less than three and no more than five competitors will be compared at any one

time. The IFBB Chief Judge or Stage Director will have the discretion to discard or amend a judge's individual request for comparisons if warranted.

6. All individual comparisons will be carried out center-stage and in the order, from left to right, as requested by the judge.

7. The total number of comparisons will be as decided by the Chief Judge or Stage Director.

8. All competitors will undergo at least one comparison.

9. Upon completion of the last comparison, all competitors will return to a single line-up, in numerical order, before exiting the stage.

Rule 73 – Prejudging: Scoring of Round 2

73.1 Scoring of Round 2:

The scoring for Round 2 will proceed as follows:

1. Using Form #3, entitled “Judge’s Individual Placings (Prejudging)”, each judge will award each competitor an individual placing from 1 to 15, ensuring that no two or more competitors receive the same placing. The judges may use Form #4, entitled “Judge’s Personal Notes” to record their assessment about each competitor.

2. Using Form #5, entitled “Score Sheet (Statisticians)”, with nine judges, two high and two low scores will be discarded. The remaining scores will be added to produce a “Round 2 Subscore” and a “Round 2 Place”.

3. Ties in the “Round 2 Subscore” need not be immediately broken as the “Round 2 Subscore” will be added to the “Round 1 Subscore” to produce a “PREJUDGING SCORE” and “PREJUDGING PLACE”.

4. Should a tie occur in the “PREJUDGING SCORE”, the tie will be broken using the “Round 2 Subscore” first. If a tie still exists, it will be broken using the “Relative Placement” method and the athlete’s Round 2 scores.

Note: The Relative Placement Method procedure:

Each individual judge’s scores for the tied athletes will be compared on a column-by-column basis with a dot being placed on top of the number for the athlete with the lower placing. All nine regular panel judge’s scores will be included in the tie breaking calculations. The number of dots will be tallied for each of the tied athletes. The athlete with the greater number of dots will be declared the winner of the tie and will then receive the better placing.

5. The top 10 athletes from the Prejudging will advance to the Finals.

Rule 74 – Prejudging: Assessment of Round 2

74.1 Assessment of Round 2:

Round 2 will be assessed using the following criteria:

1. The judge should first assess the overall athletic appearance of the physique. This assessment should begin at the head and extend downwards, take the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair and facial beauty; the overall athletic development of the musculature; the presentation of a balanced, symmetrically developed physique; the condition of the skin and the skin tone; and the athlete's ability to present herself with confidence, poise and grace.

2. The physique should be assessed as to its level of overall muscle tone, achieved through athletic endeavours. The muscle groups should have a round and firm appearance with a small amount of body fat. The physique should neither be excessively muscular nor excessively lean and should be free from deep muscle separation and/or striations. Physiques that are considered either too muscular or too lean must be marked down.

3. The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance, and without cellulite. The face, hair and makeup should complement the "Total Package" presented by the athlete.

4. The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment she walks onstage until the moment she walks offstage. At all times, the fitness competitor must be viewed with the emphasis on a "healthy, fit, athletic" physique, in an attractively presented "Total Package".

5. Judges are reminded that this is not a bodybuilding contest. The competitors should have shape to their muscle but not the size, definition or vascularity that is seen at bodybuilding competitions. Any competitor who exhibits these features is to be marked down. More details in **Appendix 7**

APPENDIX 7

HOW TO ASSESS A FITNESS COMPETITION

INTRODUCTION:

Judges are strongly reminded that they are judging a women's FITNESS competition and not a women's BODYBUILDING competition. The type of muscularity, vascularity, muscular definition, and/or dieted leanness displayed by a female bodybuilder will not be considered acceptable if displayed by a fitness competitor and therefore, must be marked down.

GENERAL PRESENTATION:

Judges are reminded that the competitor's posture and bearing, at all times while onstage, is to be considered. The overall image displayed should demonstrate poise and self-confidence. This is especially true at all times when the competitor is standing relaxed and during the comparisons of the quarter turns.

When standing relaxed, the competitors shall be warned against adopting a tense pose, with arms flexed and out to the side in a display of muscularity. A relaxed stance means that the competitor must stand erect, head and eyes towards the front, shoulders back, chest out, stomach in, heels together, and arms RELAXED and hanging freely at the side.

During each of the quarter turns, the same rules shall apply. Again, the stance shall be erect, head and eyes towards the front, shoulders back, chest out, stomach in, feet together, and arms RELAXED and hanging freely at the side.

QUARTER TURNS

Quarter Turn Right:

Relaxed erect stance, head and eyes facing the same direction as the body, heels together, feet inclined outward at a 30° angle, knees together and unbent, stomach in, chest out, shoulders back, left arm hanging relaxed and slightly back from the center-line of the body with a slight bend at the elbow, thumb and fingers together, palm facing the direction of the body, hand slightly cupped, right arm hanging relaxed and slightly front of the center-line of the body with a slight bend at the elbow, thumb and fingers together, palm facing the body, hand slightly cupped. The positioning of the arms will cause the upper body to twist slightly to the left, with the left shoulder lowered and the right shoulder raised. This is normal and must not be exaggerated. This position is a relaxed stance. Flexing of the muscles is prohibited. Competitors who fail to adopt the proper stance will receive one warning after which points will be deducted from their score.

Quarter Turn Back:

Relaxed erect stance, head and eyes facing the same direction as the body, heels together, feet inclined outward at a 30° angle, knees together and unbent, stomach in, chest out, shoulders back, both arms hanging relaxed and at the side along the centerline of the body, elbows slightly bent, thumbs and fingers together, palms facing the body and hold about 10 cm out of the body, hands slightly cupped. This position is a relaxed stance. Flexing of the muscles is prohibited. Competitors who fail to adopt the proper stance will receive one warning after which points will be deducted from their score.

Quarter Turn Right:

Relaxed erect stance, head and eyes facing the same direction as the body, heels together, feet inclined outward at a 30° angle, knees together and unbent, stomach in, chest out, shoulders back, right arm hanging relaxed and slightly back from the centerline of the body with a slight bend at the elbow, thumb and fingers together, palm facing the direction of the body, hand slightly cupped, left arm hanging relaxed and slightly front of the center-line of the body with a slight bend at the elbow, thumb and fingers together, palm facing the body, hand slightly cupped. The positioning of the arms will cause the upper body to twist slightly to the right, with the right shoulder lowered and the left shoulder raised. This is normal and must not be exaggerated. This position is a relaxed stance. Flexing of the muscles is prohibited. Competitors who fail to adopt the proper stance will receive one warning after which points will be deducted from their score.

Quarter Turn Front:

Relaxed erect stance, head and eyes facing the same direction as the body, heels together, feet inclined outward at a 30° angle, knees together and unbent, stomach in, chest out, shoulders back, both arms hanging relaxed and at the side along the centerline of the body, elbows slightly bent, thumbs and fingers together, palms facing the body and hold about 10 cm out of the body, hands slightly cupped. This position is a relaxed stance. Flexing of the muscles is prohibited. Competitors who fail to adopt the proper stance will receive one warning after which points will be deducted from their score.

ROUND 1 – ROUTINE:

In this round, the top 15 athletes perform a fitness routine, to music selected by the competitor, the length of which shall not exceed 90 seconds.

Once again, the judge should consider the “Total Package”, that is, the entire routine from the moment the athlete presents herself onstage until the moment the athlete walks offstage.

The judges are reminded that, during this Round, they are judging ONLY the fitness routine and NOT the physique. The judge should look for a well-choreographed and creative routine performed at a high tempo/speed.

Although compulsory movements are not a requirement, the routine should include:

1. Elements of STRENGTH - for example, straddle hold, leg extension hold, and/or one-arm pushups (gymnastic movements such as front and back flips, handsprings,

and cartwheels are not considered strength elements). The number of strength moves, their degree of difficulty, and the overall creativity of the moves should be considered in the judging of the routine.

2. Elements of FLEXIBILITY – for example, high kicks, side splits, and/or front splits. The number of flexibility moves, their degree of difficulty, and the overall creativity of the moves should be considered in the judging of the routine.

3. The SPEED or tempo of the routine demonstrates a degree of cardiovascular fitness, stamina, and endurance. For example, if two routines contain the same type and number of strength and flexibility movements, the routine that is performed at a faster tempo is the more difficult to achieve so long as the movements are correctly performed. Once again, the judge must always consider the “Total Package” and not just the sum of the individual movements. There is a component - an element of “showmanship”, which competitors bring to a fitness routine that is unique to them. This is their personality, charisma, stage presence, and charm, as well as a natural rhythm that should play a part in the final placing of each competitor.

ROUND 2 – QUARTER TURNS IN BIKINI:

In this round, the top 15 competitors are brought onstage, in numerical order and in a single line. They are directed through the comparisons of the quarter turns, first as an entire group and then in smaller groups of no more than 5 competitors at a time. Each judge is expected to watch all of the comparisons and not just those that a specific judge has requested.

Throughout the comparisons, a judge must not lose sight of the fact that he or she is judging the athlete as a “Total Package”.

The judge should first assess the overall athletic appearance of the physique. This assessment should take the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair and facial beauty; the overall athletic development of the musculature; the presentation of a balanced, symmetrically developed physique; the condition of the skin and the skin tone; and the athlete’s ability to present herself with confidence, poise and grace.

The physique should be assessed as to its level of overall muscle tone, achieved through athletic endeavours. The muscle groups should have a round and firm appearance with a small amount of body fat. The physique should neither be excessively muscular nor excessively lean and should be free from deep muscle separation and/or striations. Physiques that are considered either too muscular or too lean must be marked down.

The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance, and without cellulite. The face, hair and makeup should complement the “Total Package” presented by the athlete.

The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment she walks onstage until the moment she walks offstage. At all times, the fitness competitor must be viewed with the emphasis on a "healthy, fit, athletic" physique, in an attractively presented "Total Package".

ROUND 3 – FINALS:

In the Heat 1 of Round 3, the top 10 finalists perform a fitness routine, to their own choice of music, the length of which shall not exceed 90 seconds. This part of the round is not scored.

In the Heat 2 of Round 3, the top 6 finalists are brought back onstage, in numerical order and in a single line, wearing a bikini and high-heels. They are directed through the comparisons of the quarter turns. This part of the round is scored.

This round is judged using the same assessment procedures as outlined during Round 2 (Bikini).
